

Movie clip/Song lyrics – individual project

What/When?

You are going to practice listening to spoken English in a movie clip/song. You will be asked to analyze the clip/song according to some questions. After having written down the answers you are supposed to do an oral presentation. You will have three lessons at your disposal (Thursday w. 8 = Intro) Monday and Thursday w.10 and Monday w. 11. **Presentations in groups will take place on Thursday w. 11, Monday and Thursday w. 13 and finally Monday w. 14.**

Why?

Genom undervisningen i engelska ska eleverna:

”utveckla kunskaper i att söka, värdera, välja och tillägna sig innehållet i talat språk från olika källor. Eleverna ska ges möjlighet att utveckla sin förmåga att förstå talad och skriven engelska, att kunna formulera sig i tal och skrift och att kunna anpassa sitt språk till olika situationer.”

How?

Work individually. Pick a movie and a scene or a song from an online video provider, such as YouTube. Let your teacher decide on **the maximum length of the movieclip/song. (4 min.)** Example: <http://www.youtube.com/watch?v=L9viRM3Y7OE> From “The Truman Show”. This is a key scene from the movie, where the main character starts to suspect that his life is a lie. It is up to you if you want to present some information before and some after the clip/song is played, if you want to present all of it before playing the clip, or all of it after playing the clip. **You are supposed to talk for about 2-3 minutes (no longer). In all your presentations will last for about 5-6 minutes.**
