

Focus on English – Year 9 w. 38 – 50

What?

You will be working with the chapter “Teen life” p.14 – 35 (Focus on English) in order to look into some teenager related issues and future choices of education and jobs. You will read different texts, participate in discussions, work on improving your vocabulary and write about different subjects. **The assessment will include two oral activities (you choose) taking place during the lessons and also two writing tasks of which one will be of your own choice. At the end of this project you will be given a test checking your vocabulary and skills when writing.**

Why?

Lgr11 says for you to develop your communication skills when speaking and writing in English. To be able to improve your English you always need to develop your vocabulary. You also need to be aware of different strategies (such as synonyms, describing a word) when your vocabulary is not enough.

How?

Working according to the lesson plan that you find below means that you are responsible for completing all tasks during the lessons. (The * means that you will have to finish/complete the task at home unless you won't make it during the lesson).
